## DOGS MUST BE MUZZLED.

Charges Preferred Against a Policeman at the Council Meeting.

Council met last evening in joint session and deferred action on the Electric Light, Heat and Power company's bid for lighting the streets. The bid was \$12.50 per annum for 100 lights and \$25 per annum for incandescents—the same as it has been.

Select council killed the former ordinance. Mr. Thompson who introduced it, being the only man who voted for it. The resolution instructing the engineer to make profile, with view to the extension of the sewer to the main sewer to Thorn street was adopted.

Common council passed a resolution requiring that all dogs in the city be muzzled during July and August and authorizing police officers, specials included, to shoot all canines not having the safeguard.

The committee reported unfavorably on Eli Birn's claim of \$12.50 sewer rebate.

The River street paving ordinance was passed finally and is now ready for the mayor's signature.

M. A. Dockety preferred charges of misconduct against Patrolman William McAndrew. The offense was alleged to have been committed on June 2. The complaint was referred to the police committee.

## WAS A BURGLAR BOLD.

Tried to Enter J. M. Alexander's House by the Front Door.

Mrs. Whitehead, who lives opposite J. M. Alexander, on Belmont street, was nervous Sunday morning and could not sleep. Looking out of the window she saw a man cross the street at Mr. Alexander's house, throw back the screen door and try to enter with a key.

Mrs. Whitehead thinking it some member of the family, did not make any alarm. Mrs. Alexander was awakened by the noise and, leaning out of the window, asked the fellow what he wanted.

He did not move nor answer. Then both ladies screamed. The burglar fled up Copeland avenue. Mr. Alexander and son Charles, who had quickly dressed and armed, gave chase. They were joined by the patrolman, who had been attracted by the noise. The burglar made good his escape.

The same night somebody entered the cellar of Mrs. Andrew Histed and stole some potatoes.

## FIELD DAY SPORTS.

Interesting Events for the Fourth at Alumni Park.

The management of Alumni Park has arranged an interesting list of events for the Fourth of July. There will be a 100-yard dash, 200-yard dash, 400-yard dash, running high jump, running broad jump, mile run, one-half mile bicycle race, putting 16-pound shot, relay race and half-mile bicycle race for boys under 18 years.

Among the institutions which have pledged their intention of entering athletes are the Scranton and Wilkes-Barre Young Men's Christian associations, the Scranton High school and the School of Lackawanna of Scranton.

In addition to the sports mentioned there will be two base ball games—one in the morning between the Italian uniformed club and the High school and one in the afternoon between Mayfield and Archbald.

## BESSICK WAS INSANE.

Had Been Started for Danville Just Before He Met Death.

John Bessick, who was killed on the Ontario and Western, Saturday morning, was insane. He came over from Honesdale last week and spent Thursday night in the station house in this city. The officers with whom he came in contact said he showed unmistakable evidences of insanity and during his mental wanderings he spoke much of the Wayne county sheriff and Hyde Park.

It is said he was adjudged insane in Honesdale and was started for Danville, but, having gained his liberty here, wandered on the Ontario and Western track, got fast in a frog and was killed.

## SERIOUSLY BURNED.

Early yesterday morning Lauretta, the five-year-old daughter of Mr. and Mrs. John Butler, of No. 4, found a match and going to an out-house accidentally set fire to her clothing. Aware it not for the presence of mind of her father she would have burned to death. As it is, her back, right arm and side are badly burned. Mr. Butler also had his hands painfully scorched in extinguishing the burning clothing of his child. Dr. Lamb was immediately summoned and put the little one to rest. The doctor cannot tell yet whether or not the burns will prove fatal. The child suffered from extreme shock.

## GREAT AMERICAN SALE

Of ours. The crowds have been phenomenal. All last week the store thrived with busy shoppers. And the rush goes on. The sale is creating a sensation among the lovers of true economy—and well it may. The chief attraction is the goodness of goods and the lowness of prices. Other houses that give credit cannot possibly compete with us. All these are facts which we can prove. Don't deceive yourself, but come any day this week and satisfy yourself that we sell for less money than any other house in the state.

## TAYLOR NEWS.

Our Educational Condition—Delegates from the Board of Trade. Personal Mention.

In reference to the officials of our borough, we deem it the most prudent course to support them in all they perform for the good of the rising generation. It is expected of them as officers elected for the protection of the people, the furtherance of the borough interests, and the education of the young that they at least will do justice to the people and render faithful service. We hope to have no room to fault with any person in the office. It is clear, however, that in the selection of teachers for our public schools the directors should cast aside prejudices and preferences. The selection should be based upon merit, qualification and aptitude to teach. The thoroughness of educational work make it incumbent upon us to bring this matter before the public's attention.
